RE: Phone Conversation with Lynn Spafford, Natural Resource Holding Company, Red Bone Project, S/027/051, Millard County, Utah

The purpose of this memo is to document a phone conversation with Lynn Spafford of Natural Resource Holding Company on August 11, 1994. The Division received an amended Notice of Operations for the Red Bone Project from the BLM on July 27, 1994. No map was included and we subsequently informed the BLM the Notice did not meet the requirements of the Mined Land Reclamation Act. This was originally noticed as an exploration project. Mr. Spafford informed me that the map with the original exploration Notice shows the same area they propose to mine. A copy of this map is attached to this memo.
